GF Living in Pictures

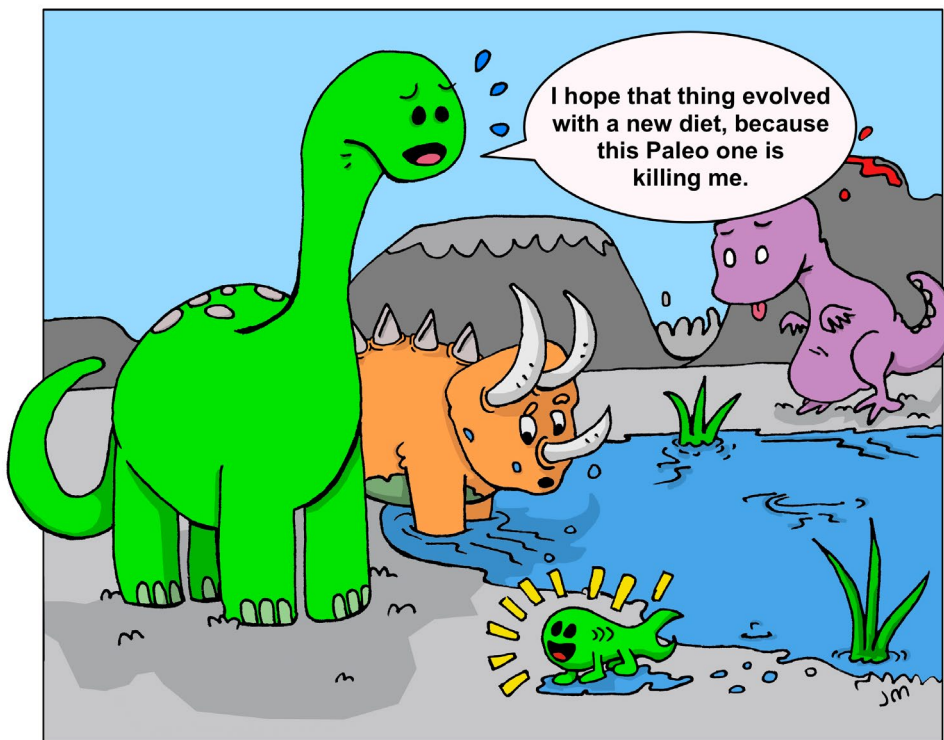

ABOUT THE ILLUSTRATOR

Jordan Middlebrook hails from Ontario, Canada, where in addition to his roles of husband and father, he is always preparing for the eventual existence of time travel and the

possibility of endless French fries suddenly appearing at the mere thought of them. Diagnosed with celiac disease and aware of what following the gluten-free diet really entails, he blogs at kingglutenfree.com and co-hosts a local television show.

He also loves pancakes. A lot. Even more than time travel.

Non-GMO & Gluten Free

Robust, Fire-Roasted, New Mexico Green Enchilada Sauce.
